Galenit is a unique choice for boutique works. It provides various design options about interior design between rooms by the help of its semi-permeable appearance.

With hundreds of color options...

All glazes that we are using in production are manufactured by T.S.Y. Technological Ceramic Investments.

T.S.Y. Technological Ceramic Investments is a **GÖKTAŞ GROUP** company.

We produce handmade brick and tiles by %100 Natural clay with special wooden moulds.

The warmth of clay keeps our passion alive for centuries. Our original hand made 100 x 100 mm terracotta tiles

and 215 x 65 x 15 mm bricks are one of the most popular ranges for facade architecture and internal decoration.

We are very happy to offer limitless solutions for architects and designers by our various dimension and unlimited colored product range.
